800 SERIES

The 800 series is characterized by a design with a strong personality. Thanks to its low structure center of gravity the vehicle remains stable on all types of ground and offers the operator excellent visibility and maneuverability. Heated cabin available upon request.

STEER ADJ

Tilt adjustment of the steering column.

SAFETY GATE

The side gate is supplied as an option and is available for all models of the 800 series. A very useful accessory for enhanced operator safety.

CAB

SILENT BLOCK

820D

Lifting capacity 750 Kg
Engine power 20 Hp
Hydraulic system 30 l / min
Telescopic boom height 2980 mm

Cast 820D is equipped with a Kubota D722 diesel engine, liquid cooled, 4WD hydrostatic transmission and 10km / h speed. Electric differential lock, 5-function joystick, silent block, tractor tires 23x8.50-12.

830D CARBON

Lifting capacity 950 Kg
Engine power 25 Hp
Hydraulic system 46 l / min
Telescopic boom height 2980 mm

The uniqueness of a machine built for demanding professionals.

Cast 830D is equipped with a liquid-cooled Kubota D1305 diesel engine. 4WD hydrostatic transmission and speed of 16 km / h. It is equipped with an electric differential lock and a double cylinder selflevelling system. Standard equipment includes the ergonomic 10-function joystick, adjustable steering column, 12V auxiliary socket, front led work lights, comfortable heated seat with safety belt, metal hoods, silent block, minimum size in width 920 mm, tractor tires 26x12.00-12.
