USE OF THE CATALOGUE

This catalogue should be used only when ordering spare parts from authorized Volvo BM Valmet dealers. By using this catalogue you can give the dealer information on the parts you wish to order.

The spare parts are illustrated in exploded views, each of them consisting of a major unit of the machine in question. Each illustration carries a page number, and the parts are numbered from 1 onwards.

Your Volvo BM Valmet dealer will inform you of subassemblies and seal and gasket sets.

ORDERING SPARE PARTS

1. Always state the type of the machine, of the engine, chassis, front axle (4WD) or cab number and the number of possible optional equipment. State if it is a special machine - a figure on the location of these numbers is shown on page 11-1.
2. State clearly the headline and numbers of the page on which the part is shown in the catalogue (e.g. Cab 81-1) and the part's reference number in the picture in question.
3. State the required quantity of each part.
4. Give your name and address clearly and state the desired method of delivery.

Valmet Corporation Tractor Works, Suolahti.
